## Level 1 Diploma in Automotive Maintenance

Location	Stockport College
Course Type	College 16-18
Department	Motor Vehicle
Start Date	Monday 1st September 2025
Course Code	SFP-MS1D-1100

### Course Overview

---

This course is a great introduction to the automotive industry, where you will develop a strong foundation of skills and knowledge to enable you to progress on to the next level of study.

Using a variety of tools and equipment in our industry standard workshops, you will discover how spark and compression ignition engines work, explore lubrication, steering, braking and suspensions while gaining an understanding of electrical systems.

### Course Requirements

---

4 GCSE's at Grade 2 or above (including maths and English Language).

Applicants will also be required to complete an assessment, which must be successfully finished to a satisfactory standard prior to being offered a place on the course.

### What You Will Learn

---

The Level 1 Diploma is designed to give you a basic level knowledge of progression within the motor industry.

### Assessment

---

You will be assessed by completion of module packs, one online examination, workshop practical assessments and e-portfolio submission.

## Progression

---

Upon completion of this course, you may choose to continue your studies with us at level 2 by progressing on to the Light Vehicle Maintenance & Repair - IMI Level 2 Diploma. Alternatively, you may choose to complete an apprenticeship to earn while you learn.

## Career Options

---

Fast fit, service maintenance, roadside or diagnostic technician, auto electrician, Service Advisor

## Mandatory Units

---

Areas of study will include:

- Health and Safety in the Workplace
- Tools, equipment and consumable materials for vehicle maintenance
- Engine Operation and Components
- Lubrication System Components and Maintenance
- Spark Ignition System Components and Maintenance
- Spark Ignition Engine Fuel System Components and Maintenance
- Exhaust System Components and Maintenance
- Steering System Components and Maintenance
- Suspension System Components and Maintenance
- Braking System Components and Maintenance
- Wheel and Tyre Construction and Maintenance
- Vehicle Transmission System Components and Maintenance
- Vehicle Electrical Circuits and Components
