Course Overview

Perfect for DIY enthusiasts, hobbyists, or anyone considering a future in construction. It is especially valuable for those looking to take on home improvement tasks, small renovations, or creative craft projects.

This hands-on introductory course is ideal for anyone interested in learning the fundamental principles and techniques of basic construction.

Course Requirements

No specific qualifications, previous learning or experience is required.

Assessment

To achieve the Entry Level 3 Award in Construction Skills (6219-01), learners must achieve a minimum of 9 credits.

Task manual (practical and written)

Progression

Successful completion of this course can provide a pathway to further study in the construction sector, including Level 1 and Level 2 Construction programmes.

These progression routes can help you develop your practical skills, industry knowledge and employability, preparing you for further training, apprenticeships or entry-level employment.

To support your continued learning and personal development, we also offer:

English and Maths courses for Adults who have not yet achieved GCSE Grade 4 (Grade C equivalent).

Digital Skills courses for beginners looking to improve their confidence with computers, tablets and online technologies.

Positive Steps to Wellbeing courses designed to support mental wellbeing, confidence and resilience.

A range of Employability Skills courses to help you prepare for work, develop workplace skills and enhance your career prospects.
