Course Overview

Become the project leader who gets things done. The CMI Level 5 Certificate in Project Management is designed for managers who want to turn great ideas into real results - and lead with confidence at every stage. Perfect for aspiring and practising middle managers, this programme equips you with the essential tools, techniques, and strategic know how to deliver projects that truly move your organisation forward.

You will master the full project lifecycle - from scoping and planning to managing risks, resources, stakeholders, and outcomes - building the practical skills every modern manager needs to thrive. With the opportunity to apply your learning to a real workplace project, you will strengthen your capability, boost your credibility, and develop hands on experience that delivers measurable value.

Whether you are leading change, improving processes, or driving key initiatives, this qualification prepares you to manage projects with confidence, overcome challenges, and make a genuine organisational impact.

Our virtual delivery model gives busy leaders the flexibility to learn on their terms while expanding their strategic insight and strengthening their executive capability. With tutor led workshops and personalised 1 to 1 support, you will receive the guidance you need to elevate your strategic management and leadership skills with confidence.
