

T Level in Health - Supporting Healthcare: Supporting the Adult Nursing Team

Location	Altrincham Campus
Course Type	College 16-18
Department	T Level
Start Date	Tuesday 3rd September 2024
Course Code	AFP-HS3T-1100

Course Overview

In your first year you will study a range of core competencies covering the core principles of what is required to become a practitioner within Health and Social Care. In your second year you will study and gain specific core competencies in Adult Nursing. You will be assessed through exams, employer set projects, controlled assessments and practical skill tests. As part of achieving the overall T Level programme you will complete a substantial industry placement with an external employer, a minimum of 315 hours industry placement.

Course Requirements

5 GCSE's at grade 4 or above including maths, English Language and Science.

What You Will Learn

Equivalent to three A Levels, this T Level specialises in the area of Adult Nursing where you will also benefit from a large industry placement working with an employer within the adult nursing sector. This opportunity will complement your areas of study which will include:

- A general understanding of Health
- Working within the Health sector
- Health, safety and environmental regulations
- Managing information and data
- Principles of good scientific and clinical practice
- Core science concepts.

Assessment

Exams

Employer Set Projects - a title released by the exam board with a controlled assessment over 14.5 hours

Controlled Assessments
