Level 1 Diploma in Electrical Installation

Location	Stockport College
Course Type	College 16-18
Department	Electrical Installation
Start Date	Monday 2nd September 2024
Course Code	SFP-BL1D-1100

Course Overview

The City & Guilds 7202 Level 1 Diploma in Electrical Installation aims to give learners who have no prior experience of the electro-technical industry, a foundation introduction to the underpinning knowledge and practical skills required for progression to the City & Guilds 8202-20 Level 2 qualification.

The Level 1 course is built on the successful completion of seven units;

- * Unit 101 - Structure of the construction industry
- * Unit 102 - Fundamental safe working practices
- * Unit 103 - Environmental and sustainability measures in domestic dwellings
- * Unit 104 - Site preparation for working in the construction industry
- * Unit 105 - Electrical installation wiring and terminations
- * Unit 106 - Fabrication techniques for electrical installation
- * Unit 107 - Electrical science and technology

(Important note: Please be advised that the qualification listed above is liable to change subsequent to future meetings with City & Guilds)

Course Requirements

4 GCSE's at Grade 2 or above (including maths and English Language at Grade 3 or above).

What You Will Learn

Learners must be dedicated and committed to the requirements of the course and Trafford College with a high level of attendance and punctuality supported by continued home study.

Assessment

The completion of a variety of written and practical assessments strategically planned during the academic year.

Progression

Learners who successfully meet the criteria set out in the vocational, maths and English directives, whilst also adhering to the standards of the Trafford College code of conduct may progress to the City & Guilds 8202-20 Level 2 Certificate in Electrical Installation.

Career Options

Mechanic, electrician, electrical fitters

Mandatory Units
