# HND Computing for England (HTQ) (Cyber Security pathway)

Location	Stockport College
Course Type	University Level
Department	Computing
Start Date	Monday 16th September 2024
Duration	Full-time, 1 Year
Time	09:00 - 16:15
Fee	£ 8000.00
Course Code	SFP-HI4H-1300

#### **Course Overview**

This HTQ is an exciting and informative study programme that students should find stimulating and challenging, providing an opportunity to follow a specialist route of interest. Students will gain the knowledge and skills needed to progress to higher education or employment in this specialist area. This programme of learning is designed to meet skills gaps in the current workforce and to enable progression into a career in the computing industry.

## **Course Requirements**

Whilst applications are considered on an individual basis, offers are usually based on a requirement to have:

64 UCAS points

L3 qualification in a relevant subject

Other related L3 qualifications

4 GCSEs at grade C (grade 4) or above including Maths and English

Access to Higher Education Diploma in a relevant area

Related work experience will be considered in the absence of L3 qualifications.

## What You Will Learn

The development of specialist skills and a focus on cyber security, digital technologies, networking, information security management, forensics, emerging technologies and the internet of things.

#### **Assessment**

Students are assessed by centre-developed internal assignments and Pearson-set assignments, which target industry-specific skills. Units are assessed using a variety of methods including reports, presentations, practical workshops and portfolios and evidence.

## **Progression**

Students may seek a top-up degree at university to complete the final stages of a degree in this subject area. This may include:

BSc (Hons) Cyber Security and Forensic Computing

BSc (Hons) Computing and Information Technologies

BSc (Hons) Digital Technologies (Cyber Security)

## **Career Options**

On completion students may develop their career in this sector by entering or continuing existing employment. Students may consider roles such as:

Cybersecurity analyst Penetration tester IT Security engineer

IT Security consultant

Forensic computer analyst

## **Mandatory Units**

At Level 4 you will study:

Programming

Networking

**Professional Practice** 

Database design and development

Security

Planning a computing project

Cyber security

Website design and development

At Level 5 you will study:

Computing research project

Business process support

Applied cryptography in the cloud

**Forensics** 

Information security management

Network management

Games development

#### **Extra Costs Involved**

There are no essential additional costs to this course, however, you will need access to a suitable laptop or similar for work outside of teaching hours.

## **Exam Validation Body**

Pearson Education Ltd

## **Exam Validation Body**

Pearson Education Ltd

## **Hours Per Week**

12 hours per week

# **How Long To Complete**

2 years

# **Programme Structure**

The Higher National Diploma (HND) is a Level 4 and Level 5 qualification made up of 240 credits studied over two years
