HNC Construction Management for England (HTQ) (Construction Site Supervisor)

Location	Stockport College
Course Type	University Level
Department	Building Services
Start Date	Monday 15th September 2025
Duration	Full-time, 1 Year
Time	-
Fee	£ 0.00
Course Code	SFQ-HC4H-1700

Course Overview

The aim of this Higher Technical Qualification is to develop students as professional, self-reflecting individuals who can meet the needs of employers in the construction sector and adapt to a constantly changing world. The variety of units undertaken will prepare you to undertake project and site management. The purpose of the qualification is to broaden access to higher education and improve career prospects within the construction sector.

Course Requirements

All applications will be considered individual merit, usually based on 64 UCAS points comprising either:

GCE A level

Level 3 vocational qualification in a relevant subject.

Access to Higher Education Diploma in a relevant area.

Successful applicants should have 4 GCSEs at grade C/4 or above including Maths and English.

Mature students with relevant work experience and/or professional qualifications are welcome to apply and may be invited to an interview.

What You Will Learn

Students will develop a range of construction knowledge linked to practical skills acquired through research, directed study, independent study, and workplace scenarios. You will explore the techniques used to set up controls and conduct initial surveys, including communication of results and methods of setting out the built environment. Students will be able to identify and analyse the sources of error and mitigation techniques used in common aspects of surveying. In addition, you will develop the skills and techniques needed to manage both people and process aspects of working on a building site, to ensure the quality of work, safe working practices and the interactions of different trades.

Assessment

You will be assessed using a range of methods including written assignments, reports, presentations and undertake some practical activity.

Progression

Students can continue their studies with us and progress to a level 5 HND Construction Management for England (Construction Site Supervisor). Following this students may be eligible to complete a one year top-up degree at Level 6 including:

BSc (Hons) in Construction Management
