BTEC HNC Applied Sciences - Forensic Science

Location	Stockport College
Course Type	University Level
Department	Science & Pharmacy
Start Date	Monday 16th September 2024
Duration	Full-time, 1 Year
Time	09:00 - 17:00
Fee	£ 8000.00
Course Code	SFQ-HG4H-1100

Course Overview

This course is aimed at students wanting to continue their education through applied learning and is designed for students who wish to pursue or advance their career in Applied Sciences and forensic science. The course gives students experience of the breadth and depth of the sector that will prepare them for further study or training in Applied Sciences related fields.

Course Requirements

Whilst applications are considered on an individual basis, offers are usually based on a requirement to have:

64 UCAS points

L3 qualification in a relevant subject such as:

- BTEC Extended Diploma in applied Sciences - MMM
- T level Science: Laboratory Sciences Merit
- Other related L3 qualifications

4 GCSEs at grade C (grade 4) or above including maths and English

Access to Higher Education Diploma in a relevant area

What You Will Learn

You will develop knowledge and understanding of forensic science theories and practice and be able to apply these in a variety of contexts. The course introduces you to the world of the forensic scientist and crime scene investigator, exploring the methods of forensic analysis and the role of forensic science in society.

Assessment

The programme is assessed mainly using internally assessed centre-devised assignments. This will include a range of assessment methods including reports, case studies, practical assessments, project work, data analysis, research, investigation, problem-solving tasks and portfolios of evidence.

Progression

On successful completion you may progress to Level 5 and study the HND Applied Sciences, which is recognised by higher education providers as meeting admission requirements for many relevant engineering degree programmes in subject specialisms such as BSc (Hons) Forensic Science / Chemistry / Biology.

Career Options

On completion students may develop their career in this sector by entering or continuing existing employment. Students may consider roles such as:

Analytical chemist
Crime scene investigator
Forensic scientist
Scientific laboratory technician
Toxicologist

Mandatory Units

At Level 4 you will study:

Mandatory core units:

Fundamentals of Laboratory Techniques

Scientific Data Handling Approaches and Techniques

Regulation and Quality in the Applied Sciences

Specialist mandatory units:

Cell Biology

Fundamentals of Biochemistry

Criminal Investigation

Plus two additional units

Extra Costs Involved

No

Exam Validation Body

Pearson Education Ltd

Exam Validation Body

Pearson Education Ltd

Hours Per Week

12 hours

How Long To Complete

1 Year

Programme Structure

You will study 8 units to accumulate 120 credits over the duration of the programme.
