The course is fully funded for most Greater Manchester residents and more information on funding is available on application.

Course Requirements

As a minimum requirement you must have English GCSE (Grade 4/D minimum) and be able to confidently produce work at Level 2 standard.

We can take people of 19 years or over. However, due to the nature of the course, emotional resilience and an ability to reflect and draw on life experiences is essential. You will need to understand the demanding and personal nature of the course. Whilst this course is by no means 'therapy' for some it can present an emotional challenge.

What You Will Learn

By the end of this course you should be able to:

Enhance and improve your verbal and written communication skills, emphasis will be given to working in groups and teams.

Have a realistic understanding of the demanding nature of vocational training, especially in counsellor skills training.

Have experienced work in an experiential manner that will include a high element of personal growth work, developing further self-confidence and self-esteem.

Have the necessary basis to move into the next level of counsellor training.

Utilise knowledge in such a way as to help directly in the world of work.

Assessment

You will be required to complete a written workbook to evidence your learning whilst on the course. Homework will be set each week, either written work or reading. Students are encouraged to keep a personal journal, and your tutor will offer advice and guidance in relation to all subjects taught on the course.

Progression

Successful completion of this course will provide you with one of the entrance requirements for SEG Certificate in Counselling Skills Level 3.

Please note that progression from the Level 2 programme onto the Level 3 programme is not automatic. You are advised to check with your tutors regarding selection procedures which may require further evidence of your suitability to progress to Level 3.
