| Start Date | Monday 3rd February 2025 |
| Duration | Full-time, 11 Weeks |
| Time | - |
| Fee | £ 120.00 You may be eligible for support with your tuition fees - please visit the college website - funding and finance page for further information |
| Course Code | TPQ-CPXZ-1001 |

Course Overview

The key to your website's success is making sure that your customers can find you when using a search engine. In this course you will learn the techniques and strategies that can be used to improve the performance of your website. It is a blend of search engine optimisation training (SEO) and a little pay per click training (PPC).

Course Requirements

Participants are not required to possess any previous knowledge or expertise. We welcome individuals with a genuine enthusiasm for the subject and a willingness to actively engage and contribute.

Although this course is available for all to attend it is highly suitable for individuals who have editing rights for their own website.

What You Will Learn

This course will show you how to analyse your website, increase traffic to your website and build an SEO strategy.

Assessment

There will be no formal assessment.

Progression

Upon successful completion, Students may wish to develop their computing skills further and enrol onto the courses below:
