Course Overview

This course is designed to help adults strengthen their basic math skills in a supportive and inclusive setting. It focuses on developing practical numeracy abilities for everyday tasks, such as managing finances, understanding measurements, and solving common problems. Open to individuals from diverse backgrounds and varying levels of experience, the program aims to build confidence in applying mathematical concepts effectively. By enhancing these essential skills, the course empowers learners to handle daily challenges with greater ease and independence.

Location: St Johns Centre, M16 7GX
